## Circular: Annual Examination 2021

*"The principal goal of education is to create individuals who are capable of doing new things, not simply of repeating what other generations have done."*

Jean Piaget.

Dear Parents,

After a long struggle and hard work of people from different walks of life, the academic year 2020-2021 is coming to its conclusion. And now the time has come to examine and reward the students for their hard work and growth in their academics. We would like to share a few important pointers for Annual Exam. Tentative date for the commencement of Annual Exam is on 25<sup>th</sup> Feb, 2021. Datasheet for the same will be shared with the students by end of this month.

We shall have **only offline mode of examination**. Exam Answer scripts (for writing the answers) will be given to the students in advance. The question papers will be sent '**only through Hello Parent App**' (that you confirm and register for the final examination), and only to those students who have taken the Exam Answer scripts from school.

**Immediately after the time of exam, within 15 minutes**, you will have to click the pics of the answer sheets that you have written and send/upload them in PDF format to the subject teacher/class group in Hello Parent App . Those who fail in sending the pics of Answer scripts (soft copy), within the given time, their answer sheets will be rejected and no marks will be awarded.

On the same day of exam or within three days you will have to submit the hard copy of answer sheets to the school. A maximum of three continuous days answer papers can be submitted together. Parents will be responsible to see the students don't use any unfair means during the exam. Sincerity of the parents will help you ward to grow.

"The Golden rule of parenting is to always show your children the kind of person you want them to be."- Elizabeth Roxas

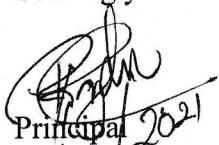

Those who do not come to collect the copies for the examination and those who do not appear for the Final Examination, will be considered as dropped out from the school and the school will not be responsible for the continuation of studies in the coming years. School may not be able to accommodate your ward, repeating in the same class for the next year.

After the results of final examination, we will be beginning with the new Academic session in 5<sup>th</sup> April, 2021(in all possibility).

### Kindly Note:

- Only offline mode of exam of all written subjects. No online facilities for final exam.
- Collect the copies to write the answers on scheduled days during the working hours.
- You need to clear all the dues of school fee before collecting the answer sheets.
- Upload the soft copy of the answers sheets and submit hard copy of Answers within the stipulated time.
- Parents should make sure that your ward writes the exam with utmost honesty.

Seeking your whole hearted co-operation.
